I urge the FCC to reject the NAB's petition 04-160. I am a coast to coast longhaul owner-operataor. Many places in the country I can't get reception on regular radio.

In my occupation, it is extremely helpful to have instant and up-to-date weather and traffic conditions available. Time is money in my job.

I've paid for the services of XM radio and feel that I have a right to listen to what I've paid for. I feel this is a first amendment right and I don't want anymore of my freedoms taken away just because some lobby group doesn't want any more competition.

REJECT the NAB'S PETITION 04-160.
